CD-ROM version of Geological Survey of Canada Open File 4488

Contents: Poster entitled 'Maturity trends from vitrinite data on the northern Grand Banks'

Author(s): Wielens, H. and Avery, M. P.

Format: Adobe Acrobat (.pdf extension)

Files: Mattrend_press.pdf
Mattrend_print.pdf
Mattrend_screen.pdf

Resolutions / versions: The poster is presented in three resolutions (Screen, Print, and Press). The resolution designations are somewhat intuitive or self-explanatory but a more short description of these resolutions follows below. For a more complete description see the Adobe Acrobat 5.0 Distiller Help File (page 47; 'To reset job options').

Screen: On-screen viewing resolution provides a smaller file for quicker loading.

Print: Intended for desktop printers etc.

Press: High-quality final output suitable for a commercial printer.
