J.O. Wheeler, Chief,
Regional and Economic Geology,
Geological Survey of Canada,
601 Booth Street,
Ottawa K1A OE8.

Dear Doctor Wheeler:

Enclosed please find a report with figures, plates and geological maps compiled by Dr. Tempelman-Kluit for a G.S.C. Paper on Operation Pelly (Project 580009).

Except for a revision of line work on Tay River (105K) map-area the line work for the original preliminary maps is essentially unchanged. A complete change of lettering is required as indicated on the maps.

Yours truly,

H. Gabrielse.

HG/dmy

SUBJECT
Sujet

Checking of fossil lists for publication on Op. Pelly.

Will you please have the fossil lists in the enclosed Manuscript checked for any inaccuracies or changes in name required.

Please return the Ms. to me. Thanks!

J.O. Wheeler,
Chief,
Regional and Economic Geology Division.

John:

Most of the list has been checked. For the remainder, xerox copies of the pages have been sent to the various authorities for verification. Some feed back my results and will close the manuscript. Meanwhile this copy should suffice for the next stage of revision or editing. Comments in pencil on right-hand margin.

Regards.
John.

Harold.
