

GEOLOGICAL SURVEY OF CANADA
DEPARTMENT OF MINES AND TECHNICAL SURVEYS

PRELIMINARY SERIES

SHEET 92 1/4 (W) AND PART OF 92 1/2

LEGEND

NOTE: Wells are numbered consecutively in each township and the well numbers refer to the number given to that well in the table of well records included in the text.

- Water-table levels
- Flowing artesian wells
- Non-flowing artesian wells
- Springs
- ◆ Well or point from which sample was taken

Approximate boundary, as of 1956, of area serviced by a water distribution system utilizing surface water.

Data compiled by E.C. Halstead, 1959, 1960

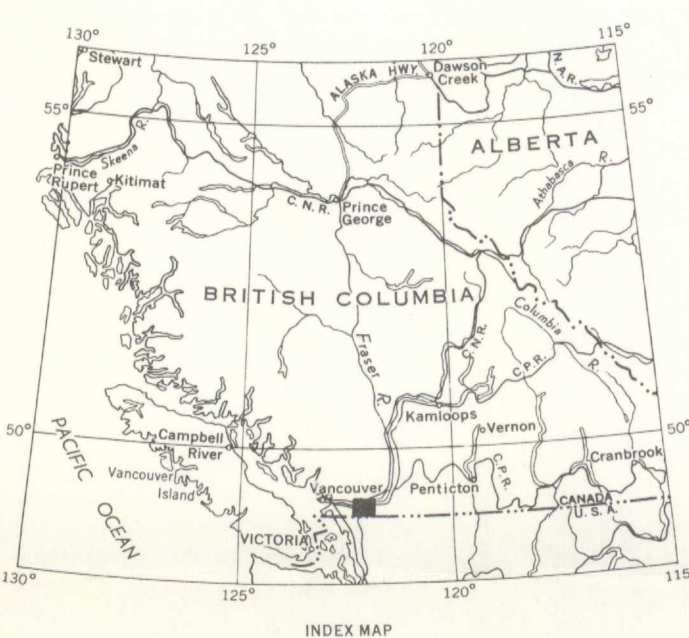

- Main highway
- Other roads
- Railway
- Post office
- Electric power line
- International boundary
- District boundary
- Municipal boundary
- Township boundary
- Provincial Park boundary
- Section line and number
- Indian Reserve or Military Reserve boundary
- Stream, position approximate
- Marsh
- Foreshore flats
- Contours (interval 100' below 500' level; interval 500' above 500' level)
- Height in feet above mean sea-level

Cartography by the Geological Survey of Canada, 1960

Approximate magnetic declination, 23° 20' East

Air photographs covering this area may be obtained through the National Air Photographic Library, Topographical Survey, Ottawa

In response to public demand for earlier publication, Preliminary Series maps are issued in this simplified form and will be clearer to read if all or some of the map-units are hand-coloured
