

PRELIMINARY MAP 49-27A
PINE CHANNEL AREA
LAKE ATHABASCA
SASKATCHEWAN

Scale 1 Inch to 1500 Feet
1,500 0 1,500 3,000 4,500

LEGEND

- Sand
Geological boundary (approximate)
Foliation (inclined, vertical)
Lineation (arrow indicates direction of plunge)
Fault (defined, assumed)
Fault (inclined)
Fault (arrows indicate relative movement along fault)
Shear (inclined, vertical)
Quartz vein (inclined, vertical dip unknown)
Sulphide vein (inclined, vertical dip unknown)
Pegmatite dyke
Granite porphyry dyke
Glacial striae

Geology by J.B. Mawdsley, 1946
Cartography by the Geological Mapping Division 1949
