INDEX OF PUBLICATIONS OF THE GEOLOGICAL SURVEY OF CANADA

INTRODUCTION

This index lists Geological Survey publications issued from 1 April, 1967 to 31 March, 1968.

A complete index of all reports and maps with references and geographic area covered by each publication according to the National Topographic System is provided in:

Index of Publications, Geological Survey of Canada (1845-1958), A.G. Johnston	\$5.00
Index of Publications, Geological Survey of Canada (1959-mid 1964), H.M.A. Rice	\$2.25
Paper 65-3 Index of Publications of the Geological Survey of Canada 1964, H.M.A. Rice (includes publications up to March 1965)	.35
Paper 66-3 Index of Publications of the Geological Survey of Canada 1965, Leona R. Mahoney (includes publications up to June 1966)	.50
Paper 67-3 Index of Publications of the Geological Survey of Canada 1967, Dervorguilla Snowden (includes publications up to March 1967)	\$1.50

The present index does not contain the list of Papers published in Scientific Journals. These will be contained in a separate publication Paper 68-4, Abstracts of Publications in Scientific Journals by Officers of the Geological Survey of Canada, 1968.

Publications issued by the Geological Survey of Canada comprise maps and printed reports. Maps include basic geological maps and special maps such as those dealing with mineral areas, geophysical observations, groundwater, oil and gas, and geochemical studies. Reports are of several categories:

Memoirs - Comprehensive reports on the geology of specific areas.

Bulletins - Detailed scientific studies on any geological or related subject.

Economic Geology Reports - Comprehensive studies of economic interest on a broad regional basis.

Papers - Designed for the prompt publication of geological information of immediate practical interest.

Requests for geological maps or information on specific areas or topics should be addressed to:

The Director, Geological Survey of Canada,
Department of Energy, Mines and Resources,
Ottawa.

Requests for specific reports should be addressed to the Geological Survey as above, or to the Queen's Printer, Ottawa.

Branch offices of the Geological Survey in Vancouver, Calgary, Whitehorse and Yellowknife maintain limited stocks of reports for the convenience of local residents.

Lists of publications showing geological maps and reports for each province are available without charge.

Notification service - Regular users of Geological Survey publications who wish to receive announcement cards of all publications as issued may do so by writing to the Geological Survey. Please state clearly your name and permanent mailing address when requesting this free service.
