

LEGEND
 Magnetic Contour Intervals
 1,000 gammas
 500 gammas
 100 gammas
 Depression contour

Compiled by
 George Shaw and D. MacCallum

NOTE:
 The magnetic information shown on this map was supplied through the courtesy of the individual property owners. The compilers are extremely grateful for the co-operation shown by the various companies and individuals concerned, and by the Associate Committee on Geophysics of the National Research Council, who provided funds for this work. An attempt has been made to reduce all surveys to a common magnetic base, but individual surveys have not otherwise been changed.
