**EXPLANATORY NOTES**  
 Nickel deposits are indicated by primary symbols of the National Topographic System. Each quadrangle is outlined on the map by green lines, and is numbered near the center.  
 The background geology is printed in grey from 1250A, "Geological Map of Canada". The geological legend appears on the reverse side of the map.  
 References and notes on the geology of Canadian nickel deposits appear on the reverse side of the map.
