

MAP B: Stratigraphy and Structure

THOMPSON-SHUSWAP-OKANAGAN BRITISH COLUMBIA WEST OF SIXTH MERIDIAN - OUEST DU SIXIEME MÉRIDIEN Scale 1:250,000 Échelle

THOMPSON ASSEMBLAGE

In this report the Thompson Assemblage is described as a lithologically and stratigraphically distinct assemblage of rocks that occur in the Thompson Shuswap and Okanagan basins...

SHUSWAP ASSEMBLAGE (CENTRAL PART) The Shuswap Assemblage (Central Part) is a lithologically and stratigraphically distinct assemblage of rocks that occur in the Thompson Shuswap and Okanagan basins...

SHUSWAP ASSEMBLAGE (EASTERN PART) The Shuswap Assemblage (Eastern Part) is a lithologically and stratigraphically distinct assemblage of rocks that occur in the Thompson Shuswap and Okanagan basins...

SHUSWAP ASSEMBLAGE (WESTERN PART) The Shuswap Assemblage (Western Part) is a lithologically and stratigraphically distinct assemblage of rocks that occur in the Thompson Shuswap and Okanagan basins...

SHUSWAP ASSEMBLAGE (SOUTHERN PART) The Shuswap Assemblage (Southern Part) is a lithologically and stratigraphically distinct assemblage of rocks that occur in the Thompson Shuswap and Okanagan basins...

SHUSWAP ASSEMBLAGE (NORTHERN PART) The Shuswap Assemblage (Northern Part) is a lithologically and stratigraphically distinct assemblage of rocks that occur in the Thompson Shuswap and Okanagan basins...

SHUSWAP ASSEMBLAGE (SOUTHWESTERN PART) The Shuswap Assemblage (Southwestern Part) is a lithologically and stratigraphically distinct assemblage of rocks that occur in the Thompson Shuswap and Okanagan basins...

SHUSWAP ASSEMBLAGE (SOUTHEASTERN PART) The Shuswap Assemblage (Southeastern Part) is a lithologically and stratigraphically distinct assemblage of rocks that occur in the Thompson Shuswap and Okanagan basins...

STRUCTURE

THOMPSON ASSEMBLAGE (CENTRAL PART) The Shuswap Assemblage (Central Part) is a lithologically and stratigraphically distinct assemblage of rocks that occur in the Thompson Shuswap and Okanagan basins...

THOMPSON ASSEMBLAGE (EASTERN PART) The Shuswap Assemblage (Eastern Part) is a lithologically and stratigraphically distinct assemblage of rocks that occur in the Thompson Shuswap and Okanagan basins...

THOMPSON ASSEMBLAGE (WESTERN PART) The Shuswap Assemblage (Western Part) is a lithologically and stratigraphically distinct assemblage of rocks that occur in the Thompson Shuswap and Okanagan basins...

THOMPSON ASSEMBLAGE (SOUTHERN PART) The Shuswap Assemblage (Southern Part) is a lithologically and stratigraphically distinct assemblage of rocks that occur in the Thompson Shuswap and Okanagan basins...

THOMPSON ASSEMBLAGE (NORTHERN PART) The Shuswap Assemblage (Northern Part) is a lithologically and stratigraphically distinct assemblage of rocks that occur in the Thompson Shuswap and Okanagan basins...

THOMPSON ASSEMBLAGE (SOUTHWESTERN PART) The Shuswap Assemblage (Southwestern Part) is a lithologically and stratigraphically distinct assemblage of rocks that occur in the Thompson Shuswap and Okanagan basins...

THOMPSON ASSEMBLAGE (SOUTHEASTERN PART) The Shuswap Assemblage (Southeastern Part) is a lithologically and stratigraphically distinct assemblage of rocks that occur in the Thompson Shuswap and Okanagan basins...
