

Geology by C. R. van Staal and H. Rogers, 1988
 Digital cartography by M.M. Probst and J.A.Y. Pratt, Geoscience Information Division
 Any additions or additional geological information shown in this map
 must be approved by the Geological Survey of Canada
 Digital base map from data compiled by Geomatics Canada, modified by
 the Geoscience Information Division
 Mean magnetic declination 2005, 20°12'W, decreasing 3.8" annually
 Elevations in metres above mean sea level
 Contour intervals of 10 metres except west of 66°30',
 where contour interval is 50 metres
