

**Appendix XIII**  
**Part A: Sand Silt Clay Distribution**

**Note:**

Sample preparation: 300-500g of dry bulk material

Analytical Method: dried sieve: >2 mm (10 mesh) and 0.063-2 mm(>230 and <10 mesh);  
Particle Size Analyzer: 0.002-0.063 mm and <0.002 mm

**Appendix XIII**  
**Part B: Complete Grain Size Distribution**

**Note:**

Sample preparation: 150-300g of dry bulk material

Analytical Method: Particle Size Analyzer
