

LA GÉOLOGIE DU SUBSTRATUM ROCHÉUX

Figure 6. Géologie simplifiée du substratum rocheux de la région cartographique de Lac Matagami.

Figure 7. Carte de la situation géographique de Lac Matagami par rapport à la région cartographique de Lac Matagami.

LES DÉPÔTS QUI SONT EN

Text describing the geological context and the types of deposits found in the area.

LES ÉCOULEMENTS GLACIAIRES

Figure 8. La séquence des écoulements glaciaires en Abitibi.

LES MARQUES D'ÉCOULEMENT GLACIAIRE

Text describing glacial features such as moraines, eskers, and other landforms.

LES TRANCHÉES DE DISPERSION GLACIAIRE

Text describing glacial troughs and their significance in understanding glacial history.

LE TRANSPORT GLACIAIRE

Figure 11. Le transport glaciaire en Abitibi. A) Aire de répartition des erratiques de lithologie caractéristique.

LA SUBMERSION GLACIOCLASTIQUE

Text describing glacially induced submergence and its effects on the landscape.

LES TRONÇONS DE LA RIVIÈRE

Text describing the glacial truncation of the river and its implications for glacial extent.

LA SÉRIE DES CARTES DES FORMATIONS EN SURFACE DE L'ABITIBI

Text describing the stratigraphic series of glacial formations in the Abitibi region.

NOTATION BIBLIOGRAPHIQUE DES CARTES DES FORMATIONS EN SURFACE DE L'ABITIBI

Bibliographic notation for the maps of glacial formations in the Abitibi region.

LES CARTES THÉMATIQUES

Text describing thematic maps related to glacial geology and geomorphology.

LES UNITÉS CARTOGRAPHIQUES

Text describing the cartographic units used in the maps and their classification.

LES UNITÉS CARTOGRAPHIQUES

Text describing the cartographic units and their classification in detail.

REMERCIEMENTS

Acknowledgments to individuals and organizations who assisted in the project.

RÉFÉRENCES

List of references cited in the report, including geological and glacial studies.

INTRODUCTION

Introduction text providing an overview of the study area and the objectives of the report.

LES GRANDES ZONES GÉOMORFOLOGIQUES

Text describing the major geomorphological zones in the Abitibi region.

LES UNITÉS CARTOGRAPHIQUES

Text describing the cartographic units and their classification.

LES DÉPÔTS DE LA DÉRIVE GLACIAIRE

Text describing glacial drift deposits and their characteristics.

LES DÉPÔTS FLUVIOGLACIAIRES

Text describing fluvio-glacial deposits and their formation.

LES DÉPÔTS GLACIAIRES

Text describing glacial deposits and their significance.

LES DÉPÔTS GLACIAIRES

Text describing glacial deposits and their characteristics.

LES DÉPÔTS FLUVIOGLACIAIRES

Text describing fluvio-glacial deposits and their formation.

LES DÉPÔTS GLACIAIRES

Text describing glacial deposits and their significance.

LES DÉPÔTS GLACIAIRES

Text describing glacial deposits and their characteristics.

LES DÉPÔTS FLUVIOGLACIAIRES

Text describing fluvio-glacial deposits and their formation.

LES DÉPÔTS GLACIAIRES

Text describing glacial deposits and their significance.

LES DÉPÔTS GLACIAIRES

Text describing glacial deposits and their characteristics.

LES DÉPÔTS FLUVIOGLACIAIRES

Text describing fluvio-glacial deposits and their formation.

LES DÉPÔTS GLACIAIRES

Text describing glacial deposits and their significance.

LES DÉPÔTS GLACIAIRES

Text describing glacial deposits and their characteristics.

LES DÉPÔTS FLUVIOGLACIAIRES

Text describing fluvio-glacial deposits and their formation.

LES DÉPÔTS GLACIAIRES

Text describing glacial deposits and their significance.

LES DÉPÔTS GLACIAIRES

Text describing glacial deposits and their characteristics.

LES DÉPÔTS FLUVIOGLACIAIRES

Text describing fluvio-glacial deposits and their formation.

LES DÉPÔTS GLACIAIRES

Text describing glacial deposits and their significance.

LES DÉPÔTS GLACIAIRES

Text describing glacial deposits and their characteristics.

LES DÉPÔTS FLUVIOGLACIAIRES

Text describing fluvio-glacial deposits and their formation.

LES DÉPÔTS GLACIAIRES

Text describing glacial deposits and their significance.
