DATA.
 The Topography of the present map is from original data procured by reconnaissance and Mountain Transit work, Stations represented thus: (a) fixed by Sextant Latitude position, and Longitude positions by Solar Transit bearings and Triangulations from Boundary Survey points and Railway points telegraphically determined. Fraser River to Lytton and Thompson River to Ft. Hope from Canadian Pacific R'y. Surveys. Region along 119° W. from Boundary Survey 1858-1862. Districts of Kamloops, Nicola, and Okanagan from Provincial Land Surveys. Former explorations embodied in Trutch's map have been added to or corrected by the surveys of J. Richardson 1871 by G.M. Dawson 1877 & Amos Bowman 1882-84.
