

DESCRIPTIVE NOTES

This Radiometric Map of Ontario is one of a set of eight 1:2 000 000 regional compilation maps that include three regional-scale geophysical maps: equivalent Thorium (eTh) and equivalent Potassium (eK) and equivalent Uranium (eU). The maps were compiled from a series of regional-scale maps produced by the Geological Survey of Canada (GSC) and other agencies. The maps were compiled from a series of regional-scale maps produced by the Geological Survey of Canada (GSC) and other agencies. The maps were compiled from a series of regional-scale maps produced by the Geological Survey of Canada (GSC) and other agencies.
