

First Vertical Derivative of the Magnetic Field
This map of the first vertical derivative of the magnetic field was derived from data acquired during an aeromagnetic survey...

Derivée première verticale du champ magnétique
Cette carte de la dérivée première verticale du champ magnétique a été dressée à partir de données acquises lors d'un levé...

PLANIMETRIC SYMBOLS / SYMBOLES PLANIMÉTRIQUES. Table with 2 columns: Symbol description (Ditching, Flight line, Project limit) and corresponding graphical symbols.

This aeromagnetic survey and the production of this map were funded by the Geological Survey of Canada. The map has been produced through a collaboration between the Geospatial Information Centre and the Northwest Territories Geoscience Office...
