

**Figure B1.** Transect 1: A series of paleocross-sections illustrating the evolution of Keele Arch region from the latest Precambrian to present. Based on reflection seismic lines: 1983 NSM Resources Line 110, 1996 Ranger Lines F02 and L02, 2002 Devon Line 72694, and 1974 Acquitaine Lines 2W and 2E. See Figure 6 for location and Appendix A for seismic line references.
