Canadian Minerals Yearbook (CMY) – 2009

This statistical summary of the Canadian mineral industry has been compiled by staff of the Minerals and Mining Statistics Division, Minerals and Metals Sector, Natural Resources Canada (NRCan), under the general direction of Gabrielle FitzGerald, Acting Director.

Enquiries for information should be addressed to Lydia Mongeon, Minerals and Mining Statistics Division, by telephone at 1-800-267-0452 or by e-mail at lydia.mongeon@nrcan-rncan.gc.ca.

Statistics contained in this summary are obtained from a variety of sources. Principal sources include the statistical survey programs of NRCan and Statistics Canada. The statistical survey program of the Minerals and Mining Statistics Division of NRCan is conducted jointly with the provincial/territorial governments and Statistics Canada in order to minimize the reporting burden on the mineral industry. The cooperation of the companies providing information is greatly appreciated.
