

LIMITS OF FOREST TREES

CHESTNUT (<i>C. dentata</i>)	BANKSIAN PINE (<i>P. Banksiana</i>)	—x—x—
BLACK WALNUT (<i>J. nigra</i>)	—x—x—x—	WHITE CEDAR (<i>T. occidentalis</i>)	—
BUTTERNUT (<i>J. cinerea</i>)	—x—x—x—	BLACK ASH (<i>F. nigra</i>)	—+—+—+—
TULIP TREE (<i>L. tulipifera</i>)	—o—o—o—o—	WHITE ELM (<i>U. Americana</i>)	—+—+—+—
SASSAFRAS (<i>S. officinale</i>)	—+—+—+—+—	MOUNTAIN MAPLE (<i>A. spicatum</i>)	—+—+—+—
BUTTONWOOD (<i>P. occidentalis</i>)	xxx—xxx	BALSAM POPLAR (<i>P. balsamifera</i>)	—+—+—+—
BITTER HICKORY (<i>C. amara</i>)	—o—o—o—o—	ASPEN (<i>P. tremuloides</i>)	—o—o—o—o—
RED CEDAR (<i>J. Virginiana</i>)	—x—x—x—x—	BIRD CHERRY (<i>P. Pennsylvanica</i>)	—o—o—o—o—
WHITE OAK (<i>Q. alba</i>)	—+—+—+—+—	CANOE BIRCH (<i>B. papyrifera</i>)	—+—+—+—
RED OAK (<i>Q. rubra</i>)	—+—+—+—+—	BALSAM FIR (<i>A. balsamea</i>)	—+—+—+—
BURR OAK (<i>Q. macrocarpa</i>)	—+—+—+—+—	BLACK SPRUCE (<i>P. Mariana</i>)	—+—+—+—
WHITE ASH (<i>F. Americana</i>)	—o—o—o—o—	WHITE SPRUCE (<i>P. Canadensis</i>)	—+—+—+—
AMERICAN BEECH (<i>F. Americana</i>)	—o—o—o—o—	AMERICAN LARCH (<i>L. Americana</i>)	—o—o—o—o—
BASSWOOD (<i>T. Americana</i>)	—o—o—o—o—	ARBUTUS (<i>A. Menziesii</i>)	—o—o—o—o—
SUGAR MAPLE (<i>A. saccharum</i>)	—+—+—+—+—	DOUGLAS FIR (<i>P. mucronata</i>)	—+—+—+—
YELLOW BIRCH (<i>B. lutea</i>)	—+—+—+—+—	WESTERN WHITE OAK (<i>Q. Garryana</i>)	—+—+—+—
HEMLOCK (<i>T. Canadensis</i>)	—x—x—x—x—	YELLOW PINE (<i>P. ponderosa</i>)	—+—+—+—
WHITE PINE (<i>P. Strobus</i>)	—+—+—+—+—	BLACK PINE (<i>P. Murrayana</i>)	—+—+—+—
RED PINE (<i>P. resinosa</i>)	—+—+—+—+—	WESTERN WHITE PINE (<i>P. monticola</i>)	—+—+—+—
ASH-LEAVED MAPLE (<i>A. Negundo</i>)	—+—+—+—+—	WESTERN CEDAR (<i>T. gigantea</i>)	—+—+—+—
GREEN ASH (<i>F. lanceolata</i>)	—+—+—+—+—	WESTERN HEMLOCK (<i>T. Mertensiana</i>)	—+—+—+—
		COAST FLORA, eastern limit	—+—+—+—

From Labrador to about 137° W. long, the northern limit of the larch coincides approximately with the limit of black spruce and white spruce and is not indicated by a special sign.
Names of genera and species in accordance with rules adopted at Botanical Congress, Vienna, 1905

LIMITS OF FOREST TREES

Scale: 1:12,500,000 or 197.3 Miles to 1 Inch
