The table shows mileages by shortest routes along all - Canada lines. The transcontinental route was considered as Halifax - Edmonton - Montreal - Ottawa - Capreol - Winnipeg, diverging at Winnipeg to Vancouver via Edmonton, and Vancouver via Calgary. Ferry routes to Newfoundland and Prince Edward Island are included as railway mileage. In obtaining mileage between points listed only in the vertical column of the table, junction points must be determined from the map. Railway mileage between points is indicated in the table by the number at the intersection of the vertical and horizontal lines corresponding to such points.
