

MANUFACTURING, 1961 (Continued)

The 52 industries of the foregoing table (pages 197-200) account for 75.57% of the value added by manufacturing in Canada (1961). The 128 industries below constitute the remainder of the manufacturing industries listed in *General Review of Manufacturing Industries of Canada 1961* (Dominion Bureau of Statistics Catalogue No 31-201). They are tabulated in order of value added, in continuity with the foregoing table, and the cumulative percentage column is also continued.
