The daily change of the North Magnetic Pole causes  
the magnetic compass to be very erratic in this area.  
The 1964 magnetic declination at the centre of this  
map is approximately 63°51' West.

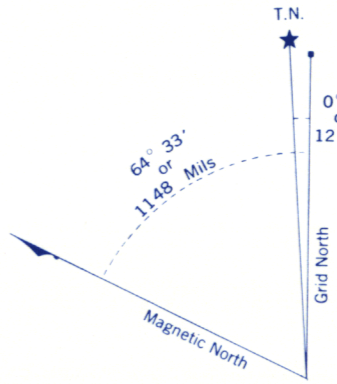

La variation diurne du pôle Nord magnétique affole  
le compas magnétique dans cette région. La décli-  
naison magnétique pour 1964 au centre de cette  
carte est approximativement 63°51' Ouest.

Rédigée en 1962, par la DIRECTION DES LEVÉS ET DE LA
