The daily change of the North Magnetic Pole causes  
the magnetic compass to be very erratic in this area.  
The 1964 magnetic declination at the centre of this  
map is approximately 64°11' West.

La variation diurne du pôle Nord magnétique affole  
le compas magnétique dans cette région. La décli-  
naison magnétique pour 1964 au centre de cette  
carte est approximativement 64°11' Ouest.
