PHOTOGRAPHY PHOTOGRAPHIE

Figure 1 is a diagram illustrating the relationship between the number of copies of A-14677 and A-15305 in the COMPILATION and RESTITUTION phases. The diagram consists of three horizontal lines. The top line represents the COMPILATION phase, with points labeled 166, A-14678, 7/55, and 161. The middle line represents the RESTITUTION phase, with points labeled 4, A-14677, 7/55, and 8. The bottom line represents the COMPILATION phase, with points labeled 46, A-15305, 131, 7/56, 132, A-14677, 7/55, and 40. The diagram shows that the number of copies of A-14677 and A-15305 in the RESTITUTION phase is equal to the number of copies in the COMPILATION phase.
