

Dry Fork

Alta Sept 6 1901

in reply to your letter

Dry Fork is not a town or village
it is only a Post Office and named
after the Creek Dry Fork Creek is a
small stream that dries up at some times
of the year

I do not know of any one in this neighborhood
who takes an interest in things of this nature
and I do not know of any names
of Creek River Mountains that
have been changed

Yours Truly

Levit Coye P. M.
