Gas White Coy. Strathcona Nov. 30th 1905

Dear Sir, -

With Ref- to yours dated 24th inst. Would

Say Soda Lake Alta Was named By
me White Cook for the subdivider
of said Township in the summer
of 1893, From the strong Soda smell
the water had while I used it for
Cooking Caused By the alkali.

Dry seasons were on & water around
there scarce.

P. S.

I did not name the P. O. as there
was no one in the country then
I came back & settled near
there for some years,

I am 17 years in Alberta & know
it very well as I rode all over for
13 years until I settled near Strathcona
hoping this will explain what you
wanted

I remain

Yours

William Lang.
