OFFICE OF GEOGRAPHER

Ottawa, AUG 18 1905

DEAR SIR,

I wish to obtain information respecting the derivation of the place-names of Canada—of the names of the villages, towns, cities and of the natural features, such as rivers, lakes, capes, bays, mountains, etc.—and shall be much obliged if you will give me any information that you may possess or can procure, respecting the below-mentioned name and also respecting the names of any other features in the vicinity of your residence concerning which you have knowledge.

In many localities, the older generation is passing, or has passed away, and unless steps are taken to collect this information, it will, in many instances, be too late. In most communities there are persons who take an interest in things of this nature or that have been connected with the early settlement of the locality. If there are any such in your neighbourhood, will you kindly submit this to them.

Below I have indicated the lines along which I desire information and also the commoner derivatives of place-names in Canada :—

(1.) Whether named after a village, town, or city, or natural feature in any other province or country ; if so, the name of province or country in which the original locality is situated.

(2.) Whether named after a person ; if so, the person's name, occupation, spelling of name as rendered by the person and any details of interest respecting him (or her) such as (a) Whether alive or, if dead, approximate year of death ; (b) Whether at any time a resident of the locality and, if so, whether still living there.

(3.) Whether named after a natural feature ; if so, any details respecting the origin of the name as applied to the feature and the geographical position of the latter.

(4.) Whether the town, village or city ever had any other name or names ; if so, at what dates, approximately, and the origin of these obsolete names.

Any information bearing on the above will be deemed a courtesy.

Yours truly,

JAMES WHITE,
Geographer.

Kindly write your reply on the attached sheet.

To ensure free transmission of your reply I enclose herewith an addressed envelope which will come free of postage.

Mayne B.C. ●nd Sept 1905 ●

Mayne is an Island called after Lieut^{ant} Mayne on one of her Majesty's ships which was at that time 1860 engaged surveying - or rather making a Hydrographic survey of the channels among the Islands in the Gulf of Georgia:

The present Post Office named Mayne was originally called Rumper Pass; a mistake as Rumper Pass is thirty miles from here: It was changed to Mayne some four years since at the request of the settlers by petition

Yours truly
Wm L Collinson
Postmaster

P.S. Any other information you may require on this subject I will be only too happy to furnish. I have had 47 years experience around this part: and I am the first Postmaster of this office for 26 years and I am quite interested in getting these old land marks into our archives W.L.C.

I might add that Lieut^{ant} Mayne is alive and promoted in the service and is a resident of England
