OFFICE OF GEOGRAPHER

Ottawa, AUG 19 1905

DEAR SIR,

I wish to obtain information respecting the derivation of the place-names of Canada—of the names of the villages, towns, cities and of the natural features, such as rivers, lakes, capes, bays, mountains, etc.—and shall be much obliged if you will give me any information that you may possess or can procure, respecting the below-mentioned name and also respecting the names of any other features in the vicinity of your residence concerning which you have knowledge.

In many localities, the older generation is passing, or has passed away, and unless steps are taken to collect this information, it will, in many instances, be too late. In most communities there are persons who take an interest in things of this nature or that have been connected with the early settlement of the locality. If there are any such in your neighbourhood, will you kindly submit this to them.

Below I have indicated the lines along which I desire information and also the commoner derivatives of place-names in Canada :—

(1.) Whether named after a village, town, or city, or natural feature in any other province or country ; if so, the name of province or country in which the original locality is situated.

(2.) Whether named after a person ; if so, the person's name, occupation, spelling of name as rendered by the person and any details of interest respecting him (or her) such as (a) Whether alive or, if dead, approximate year of death ; (b) Whether at any time a resident of the locality and, if so, whether still living there.

(3.) Whether named after a natural feature ; if so, any details respecting the origin of the name as applied to the feature and the geographical position of the latter.

(4.) Whether the town, village or city ever had any other name or names ; if so, at what dates, approximately, and the origin of these obsolete names.

Any information bearing on the above will be deemed a courtesy.

Yours truly,

JAMES WHITE,  
*Geographer.*

Kindly write your reply on the attached sheet.

To ensure free transmission of your reply I enclose herewith an addressed envelope which will come free of postage.

To James White Esq

Sir

In reply to your inquiry as to the origin of the name of "Sidley" for the settlement I have to say that it was named after the writer, who was the first white man that settled here & lived a long while alone among the Indians. The name was first given by the U.S. Army engineers while surveying here 30 years ago & on their map a considerable stretch of U.S. territory is marked "Sidley Lake District." I asked Capt Bebb of the 4<sup>th</sup> Infantry how it got to be given that name & he replied the information was obtained from the Indians. Being the only white man here (until recently) & the Indian names being hard to pronounce combined with the fact that I am the owner of 12000 acres is my opinion that it got to be called "Sidley"

I have the honour to be

Sir  
Your obedient servant  
Richard G. Sidley
