

Department of the Interior,

OFFICE OF GEOGRAPHER,

Ottawa, FEB 27 1906

DEAR SIR,

I wish to obtain information respecting the derivation of the place-names of Canada—of the names of the villages, towns, cities and of the natural features, such as rivers, lakes, capes, bays, mountains, etc. — and shall be much obliged if you will give me any information that you may possess or can procure, respecting the below-mentioned name and also respecting the names of any other features in the vicinity of your residence concerning which you have knowledge.

In many localities, the older generation is passing, or has passed away, and unless steps are taken to collect this information, it will, in many instances, be too late. In most communities there are persons who take an interest in things of this nature or who have been connected with the early settlement of the locality. If there are any such in your neighbourhood, will you kindly submit this to them.

Below I have indicated the lines along which I desire information and also the commoner derivatives of place-names in Canada :—

(1.) Whether named after a village, town or city, or natural feature in any other province or country ; if so, the name of province or country in which the original locality is situated.

(2.) Whether named after a person ; if so, the person's name, occupation, spelling of name as rendered by the person and any details of interest respecting him (or her) such as (a) Whether alive or, if dead, approximate year of death ; (b) Whether at any time a resident of the locality and, if so, whether still living there.

(3.) Whether named after a natural feature ; if so, any details respecting the origin of the name as applied to the feature and the geographical position of the latter.

(4.) Whether the town, village or city ever had any other name or names ; if so, at what dates, approximately, and the origin of these obsolete names.

Any information bearing on the above will be deemed a courtesy.

Yours truly,

JAMES WHITE,
Geographer.

Kindly write your reply on the attached sheet.

To ensure free transmission of your reply I enclose herewith an addressed envelope which will come free of postage.

The Town of Emerson Province Manitoba
 was founded about the year 1878 By Thomas Curney
 who is now dead. (Inventor of Cash Register) and
 W. H. Fairbank now living in Winnipeg. They named the
 Town after "Emerson the Electric Inventor."

I have been living in Emerson for twenty seven years
 and have known all what has taken place during that
 time nearly all of the early settlers have died or
 moved away. among the early settlers I may mention
 Rev John Scott who died two years ago.
 New villages have been and are being built up around
 Emerson. Letellier, "Redville", Stuartburn. a large
 number of Austrians have settled near Stuartburn
 and they are getting along very well. The young
 people are learning the Canadian ways very fast
 and I am satisfied they will be some good industrious
 farmers. The young men and women are ahead of the
 English immigrants for the farm.
