OFFICE OF GEOGRAPHER

Ottawa,..... AUG 26 1905

DEAR SIR,

I wish to obtain information respecting the derivation of the place-names of Canada—of the names of the villages, towns, cities and of the natural features, such as rivers, lakes, capes, bays, mountains, etc.—and shall be much obliged if you will give me any information that you may possess or can procure, respecting the below-mentioned name and also respecting the names of any other features in the vicinity of your residence concerning which you have knowledge.

In many localities, the older generation is passing, or has passed away, and unless steps are taken to collect this information, it will, in many instances, be too late. In most communities there are persons who take an interest in things of this nature or that have been connected with the early settlement of the locality. If there are any such in your neighbourhood, will you kindly submit this to them.

Below I have indicated the lines along which I desire information and also the commoner derivatives of place-names in Canada :—

(1.) Whether named after a village, town, or city, or natural feature in any other province or country ; if so, the name of province or country in which the original locality is situated.

(2.) Whether named after a person ; if so, the person's name, occupation, spelling of name as rendered by the person and any details of interest respecting him (or her) such as (a) Whether alive or, if dead, approximate year of death ; (b) Whether at any time a resident of the locality and, if so, whether still living there.

(3.) Whether named after a natural feature ; if so, any details respecting the origin of the name as applied to the feature and the geographical position of the latter.

(4.) Whether the town, village or city ever had any other name or names ; if so, at what dates, approximately, and the origin of these obsolete names.

Any information bearing on the above will be deemed a courtesy.

Yours truly,

JAMES WHITE,  
*Geographer.*

KEYES, MAN.

In the winter of 1893 the office was opened as Midway (midway between Portage la Prairie and Winnipeg) with H. R. Keyes as postmaster. In October of that year William Keyes purchased the business of his son and has continued in business and in charge of the office ever since.

There being a Midway in British Columbia the Railway Companies found considerable difficulty with in goods going to the wrong destination and on the 10th of June 1900 changed the name of the station to Keyes and the Postmaster General changed the name of the Post Office at same time.

The present name was given as a compliment to William Keyes and family, whose interests have been closely identified with the place from its inception and who have taken a keen interest in everything pertaining to the welfare of the place.

The delay has been caused through the illness of the compiler
