

Department of the Interior,

OFFICE OF GEOGRAPHER,

Ottawa, FEB 27 1906

DEAR SIR,

I wish to obtain information respecting the derivation of the place-names of Canada—of the names of the villages, towns, cities and of the natural features, such as rivers, lakes, capes, bays, mountains, etc.—and shall be much obliged if you will give me any information that you may possess or can procure, respecting the below-mentioned name and also respecting the names of any other features in the vicinity of your residence concerning which you have knowledge.

In many localities, the older generation is passing, or has passed away, and unless steps are taken to collect this information, it will, in many instances, be too late. In most communities there are persons who take an interest in things of this nature or who have been connected with the early settlement of the locality. If there are any such in your neighbourhood, will you kindly submit this to them.

Below I have indicated the lines along which I desire information and also the commoner derivatives of place-names in Canada :—

(1.) Whether named after a village, town or city, or natural feature in any other province or country ; if so, the name of province or country in which the original locality is situated.

(2.) Whether named after a person ; if so, the person's name, occupation, spelling of name as rendered by the person and any details of interest respecting him (or her) such as (a) Whether alive or, if dead, approximate year of death ; (b) Whether at any time a resident of the locality and, if so, whether still living there.

(3.) Whether named after a natural feature ; if so, any details respecting the origin of the name as applied to the feature and the geographical position of the latter.

(4.) Whether the town, village or city ever had any other name or names ; if so, at what dates, approximately, and the origin of these obsolete names.

Any information bearing on the above will be deemed a courtesy.

Yours truly,

JAMES WHITE,
Geographer.

Kindly write your reply on the attached sheet.

Melita

Man.

asked

Malita was evidently named after
the Island (now Malta) The first syllable
mal - meaning honey - the last syllable
I am not sure of their meaning -
The Bible pronunciation is mēlita - ac-
cent on first syllable. This pron. is
however seldom used here. Generally
mēlita - all vowels short and accent
on second syllable - Some pronounce
the i as e thus meleeta. This pronun-
ciation gives rise to bad spelling such
as maleta - which is an objection

Personally I'd like to have the name
changed to say menota - a P.O. just
across the river in early times contem-
poraneous as a little before melita
Menota (Indians much as pure water)
would be appropriate - Menota
is now defunct

Yours truly
R. M. Graham

P.S. Is the creek here called Graham
Creek on your official maps? or what?
