

Department of the Interior

OFFICE OF GEOGRAPHER

Ottawa, AUG 25 1905

DEAR SIR,

I wish to obtain information respecting the derivation of the place-names of Canada—of the names of the villages, towns, cities and of the natural features, such as rivers, lakes, capes, bays, mountains, etc.—and shall be much obliged if you will give me any information that you may possess or can procure, respecting the below-mentioned name and also respecting the names of any other features in the vicinity of your residence concerning which you have knowledge.

In many localities, the older generation is passing, or has passed away, and unless steps are taken to collect this information, it will, in many instances, be too late. In most communities there are persons who take an interest in things of this nature or that have been connected with the early settlement of the locality. If there are any such in your neighbourhood, will you kindly submit this to them.

Below I have indicated the lines along which I desire information and also the commoner derivatives of place-names in Canada :—

(1.) Whether named after a village, town, or city, or natural feature in any other province or country ; if so, the name of province or country in which the original locality is situated.

(2.) Whether named after a person ; if so, the person's name, occupation, spelling of name as rendered by the person and any details of interest respecting him (or her) such as (a) Whether alive or, if dead, approximate year of death ; (b) Whether at any time a resident of the locality and, if so, whether still living there.

(3.) Whether named after a natural feature ; if so, any details respecting the origin of the name as applied to the feature and the geographical position of the latter.

(4.) Whether the town, village or city ever had any other name or names ; if so, at what dates, approximately, and the origin of these obsolete names.

Any information bearing on the above will be deemed a courtesy.

Yours truly,

JAMES WHITE,
Geographer.

Kindly write your reply on the attached sheet.

To ensure free transmission of your reply I enclose herewith an addressed envelope which will come free of postage.

"Plum Coulee"

Town of Warden 16 miles west of here was called after the late Mr Warden who died there some years ago. His two sons Albert and Henry Warden still live in the place.

A village of 20 inches 8 miles west of here was called after Valentine Warden M.P. who built the first building in Escalante from brick and stone, Mr Warden lives at Warden.

Our village here Penn Coulee was called this name owing to it being the only place situated on the banks of a small stream which widens out into a sort of 'Coulee' just near here and a number of years back there were a large number of wild Penn Trees growing near to this Coulee.

I hope this information may be of some value to you but if I have not given you what you would if you write me again I would be glad to give you anything I can that would be of value to you.

Yours very truly,

Wenzel to L. L. L.
