

Department of the Interior,

OFFICE OF GEOGRAPHER,

Ottawa, MAR 15 1906

DEAR SIR,

I wish to obtain information respecting the derivation of the place-names of Canada—of the names of the villages, towns, cities and of the natural features, such as rivers, lakes, capes, bays, mountains, etc.—and shall be much obliged if you will give me any information that you may possess or can procure, respecting the below-mentioned name and also respecting the names of any other features in the vicinity of your residence concerning which you have knowledge.

In many localities, the older generation is passing, or has passed away, and unless steps are taken to collect this information, it will, in many instances, be too late. In most communities there are persons who take an interest in things of this nature or who have been connected with the early settlement of the locality. If there are any such in your neighbourhood, will you kindly submit this to them.

Below I have indicated the lines along which I desire information and also the commoner derivatives of place-names in Canada :—

(1.) Whether named after a village, town or city, or natural feature in any other province or country ; if so, the name of province or country in which the original locality is situated.

(2.) Whether named after a person ; if so, the person's name, occupation, spelling of name as rendered by the person and any details of interest respecting him (or her) such as (a) Whether alive or, if dead, approximate year of death ; (b) Whether at any time a resident of the locality and, if so, whether still living there.

(3.) Whether named after a natural feature ; if so, any details respecting the origin of the name as applied to the feature and the geographical position of the latter.

(4.) Whether the town, village or city ever had any other name or names ; if so, at what dates, approximately, and the origin of these obsolete names.

Any information bearing on the above will be deemed a courtesy.

Yours truly,

JAMES WHITE,
Geographer.

Kindly write your reply on the attached sheet.

To ensure free transmission of your reply I enclose herewith an addressed envelope which will come free of postage.

Berwick. Among the first settlers in this district, two sturdy pioneer farmers, by the name of "Condon", purchased farms and became tillers of the soil. One of the two built his residence near the cross roads - now known as Main & Commercial St., Hence as it would seem natural it partook of the name of "Condon Corner". From this point within a radius of one mile there were but six families located as early as 1827. About fifteen years later, with an increasing population and a laudable ambition on the part of the inhabitants a meeting

was called for the purpose
and "Berwick" as a name was
agreed to.

Origin - One of our residents
once traveling in the U.S.
passed through a pretty little
town in Maine, called
Berwick, was pleased
with its neat & tidy
appearance, hence he
suggested the name
