Genl. White Geographer Ottawa

Sir in reply to yours of the 21 sept. I beg leave  
to say that Big Glen is the name given the P.C.  
towards the upper part of the Salmon River  
the largest tributary to the Mira River  
It derived its name from the abundance of Salmon  
in the River when first settled  
Its in the Parish of Lock Lomond which is named  
after Lock Lomond in Scotland and the poling  
district of Enon in the county of C.B.  
Its a farming dis.; Its natural resources are Coal  
Iron Manganese Glens and Lumber  
All are idle for ~~the~~ want of shipping facilities.  
"But" Lumbering

I remain your Obedt. Servt
