OFFICE OF GEOGRAPHER

Ottawa, SEP 23 1905

DEAR SIR,

I wish to obtain information respecting the derivation of the place-names of Canada—of the names of the villages, towns, cities and of the natural features, such as rivers, lakes, capes, bays, mountains, etc.—and shall be much obliged if you will give me any information that you may possess or can procure, respecting the below-mentioned name and also respecting the names of any other features in the vicinity of your residence concerning which you have knowledge.

In many localities, the older generation is passing, or has passed away, and unless steps are taken to collect this information, it will, in many instances, be too late. In most communities there are persons who take an interest in things of this nature or that have been connected with the early settlement of the locality. If there are any such in your neighbourhood, will you kindly submit this to them.

Below I have indicated the lines along which I desire information and also the commoner derivatives of place-names in Canada :—

(1.) Whether named after a village, town, or city, or natural feature in any other province or country ; if so, the name of province or country in which the original locality is situated.

(2.) Whether named after a person ; if so, the person's name, occupation, spelling of name as rendered by the person and any details of interest respecting him (or her) such as (a) Whether alive or, if dead, approximate year of death ; (b) Whether at any time a resident of the locality and, if so, whether still living there.

(3.) Whether named after a natural feature ; if so, any details respecting the origin of the name as applied to the feature and the geographical position of the latter.

(4.) Whether the town, village or city ever had any other name or names ; if so, at what dates, approximately, and the origin of these obsolete names.

Any information bearing on the above will be deemed a courtesy.

Yours truly,

JAMES WHITE,
Geographer.

Kindly write your reply on the attached sheet.

To ensure free transmission of your reply I enclose herewith an addressed envelope which will come free of postage.

*Comeaus Hill
Yarmouth Co. N.S.*

Comeau's Hill,
(Oct 27, 05.)

Dear Sir, — I far as I know about a
Comeau's Hill is — that the first person
who inhabited Comeau's Hill was my
father whose name was Jacques DeFilles,
a man who was taken prisoner in the
"war" of "Waterloo." A man from Belgium,
who ran away and came down here and
settled. It was then called Comeau's Hill
by people who lived in Tusket Wedge.

He inhabited it in 1843, in the month of October.
He was an ~~excellent~~ educated man taken out
of school at the age of 16.

He had 12 children out of that 6 boys, there
is 5 boys living and 3 girls.

No Lakes:

A river on the western side of Comeau's Hill
called Little River, named because it was
narrow and small.

Goose bay on the east named principally
because geese were numerous in that
bay in the past century. Black ducks

are numerous at present.

I'm sorry I can't tell you the whole
history of this place; but I tell what
I know about it.

Yours Respectable,

Postmaster

Concord Hill
