## OFFICE OF GEOGRAPHER

Ottawa, April 1906

DEAR SIR,

I wish to obtain information respecting the derivation of the place-names of Canada—of the names of the villages, towns, cities and of the natural features, such as rivers, lakes, capes, bays, mountains, etc.—and shall be much obliged if you will give me any information that you may possess or can procure, respecting the below-mentioned name and also respecting the names of any other features in the vicinity of your residence concerning which you have knowledge.

In many localities, the older generation is passing, or has passed away, and unless steps are taken to collect this information, it will, in many instances, be too late. In most communities there are persons who take an interest in things of this nature or that have been connected with the early settlement of the locality. If there are any such in your neighbourhood, will you kindly submit this to them.

Below I have indicated the lines along which I desire information and also the commoner derivatives of place-names in Canada :—

(1.) Whether named after a village, town, or city, or natural feature in any other province or country ; if so, the name of province or country in which the original locality is situated.

(2.) Whether named after a person ; if so, the person's name, occupation, spelling of name as rendered by the person and any details of interest respecting him (or her) such as (a) Whether alive or, if dead, approximate year of death ; (b) Whether at any time a resident of the locality and, if so, whether still living there.

(3.) Whether named after a natural feature ; if so, any details respecting the origin of the name as applied to the feature and the geographical position of the latter.

(4.) Whether the town, village or city ever had any other name or names ; if so, at what dates, approximately, and the origin of these obsolete names.

Any information bearing on the above will be deemed a courtesy.

Yours truly,

JAMES WHITE,  
*Geographer.*

Kindly write your reply on the attached sheet.

Pictou Co. N.S.*

Pismore, N. S.

The name Pismore is derived from two Gaelic words *pis* - more meaning "large garden". This district was formerly known as Baileys Brook and then included the adjoining section still called Baileys Brook. It was named Baileys Brook after a soldier by name of Bailey who obtained a soldier's grant in this locality and settled there on a brook which flows through this district and empties into Northumberland Strait was also named after the above mentioned Mr Bailey - Baileys Brook.

When it became necessary to have a post office ~~at this end of the settlement~~ a new name had to be given the district. The name Pismore was decided upon as being a most suitable one. For with its beautiful scenery and most fruitful soil this locality in reality much resembles "a large garden". A short distance above its mouth <sup>at</sup> another

brook flows into Bailys. This one is named  
Wameys Brook after a Mr. mae Gillway  
who emigrated from a part of Scotland  
known as Vamey and who was surnamed  
"Vamey" as a distinction.
