Department of the Interior,

OFFICE OF GEOGRAPHER,

Ottawa, MAR 13 1906

DEAR SIR,

I wish to obtain information respecting the derivation of the place-names of Canada—of the names of the villages, towns, cities and of the natural features, such as rivers, lakes, capes, bays, mountains, etc.—and shall be much obliged if you will give me any information that you may possess or can procure, respecting the below-mentioned name and also respecting the names of any other features in the vicinity of your residence concerning which you have knowledge.

In many localities, the older generation is passing, or has passed away, and unless steps are taken to collect this information, it will, in many instances, be too late. In most communities there are persons who take an interest in things of this nature or who have been connected with the early settlement of the locality. If there are any such in your neighbourhood, will you kindly submit this to them.

Below I have indicated the lines along which I desire information and also the commoner derivatives of place-names in Canada :—

(1.) Whether named after a village, town or city, or natural feature in any other province or country ; if so, the name of province or country in which the original locality is situated.

(2.) Whether named after a person ; if so, the person's name, occupation, spelling of name as rendered by the person and any details of interest respecting him (or her) such as (a) Whether alive or, if dead, approximate year of death ; (b) Whether at any time a resident of the locality and, if so, whether still living there.

(3.) Whether named after a natural feature ; if so, any details respecting the origin of the name as applied to the feature and the geographical position of the latter.

(4.) Whether the town, village or city ever had any other name or names ; if so, at what dates, approximately, and the origin of these obsolete names.

Any information bearing on the above will be deemed a courtesy.

Yours truly,

JAMES WHITE,
Geographer.

Kindly write your reply on the attached sheet.

To ensure free transmission of your reply I enclose herewith an addressed envelope which will come free of postage.

Mosher Corner

Annapolis Co. N. S.

Moshe's Corner

- (2) The name "Moshe's Corner" was first given to this place, about the year 1892, when the government placed a Post Office at the "corner". As there was a number of families, by the name of Moshe, living near the corner, the word Moshe was prefixed to corner, and hence we have Moshe's Corner. Before that time all the land around the corner for a distance of several miles, was known as Gates' Mt. When this section of the North Mountain was first settled, it was wholly owned by Gates, so the name Gates' Mt was given to the place.

There is a small lake, on the southern side of Moshe's Corner section, and on the south side of the North Mt, known as "Lily Lake", so called from its abundance of Water Lilies.
