

Davisville Feb 2nd 1899

Dear Sir

Davisville is named after John Davis who settled here about sixty years ago and started a Pottery which is still carried on by one of his sons. John Davis was a very enterprising man, and was the first Post-master here and was succeeded by his son J. S. Davis and his grand-son J. J. Davis was Post-master up to last May when he resigned and I followed him in the Office

Although my father settled
here about the same time
as John Davis he or I
have not had a Gownor
or 'street' named after
us, as yet.

Yours truly
Thomas Glancy
