OFFICE OF GEOGRAPHER

Ottawa, SEP 27 1906

DEAR SIR,

I wish to obtain information respecting the derivation of the place-names of Canada—of the names of the villages, towns, cities and of the natural features, such as rivers, lakes, capes, bays, mountains, etc.—and shall be much obliged if you will give me any information that you may possess or can procure, respecting the below-mentioned name and also respecting the names of any other features in the vicinity of your residence concerning which you have knowledge.

In many localities, the older generation is passing, or has passed away, and unless steps are taken to collect this information, it will, in many instances, be too late. In most communities there are persons who take an interest in things of this nature or that have been connected with the early settlement of the locality. If there are any such in your neighbourhood, will you kindly submit this to them.

Below I have indicated the lines along which I desire information and also the commoner derivatives of place-names in Canada :—

(1.) Whether named after a village, town, or city, or natural feature in any other province or country ; if so, the name of province or country in which the original locality is situated.

(2.) Whether named after a person ; if so, the person's name, occupation, spelling of name as rendered by the person and any details of interest respecting him (or her) such as (a) Whether alive or, if dead, approximate year of death ; (b) Whether at any time a resident of the locality and, if so, whether still living there.

(3.) Whether named after a natural feature ; if so, any details respecting the origin of the name as applied to the feature and the geographical position of the latter.

(4.) Whether the town, village or city ever had any other name or names ; if so, at what dates, approximately, and the origin of these obsolete names.

Any information bearing on the above will be deemed a courtesy.

Yours truly,

JAMES WHITE,
Geographer.

Kindly write your reply on the attached sheet.

To ensure free transmission of your reply I enclose herewith an addressed envelope which will come free of postage.

Letch Place
Brant Co *Out*

Echo Place was so named within
the past 20 years or more on account of
a pronounced "echo" to be heard in the
wood and ravine near where the post
office was located. It is only a very small
village, but growing nearer the city of
Brantford all the time and about 25 years
ago and before that was called Springbrook
on account of a fine spring or brook
running through it. When a post office
was started here however the name was
changed to Echo Place for the reason
above-mentioned.

There is a very large pond or small lake
located near here which once went by the
name of Lovejoy's Pond being ^{near the}
property of a man called Lovejoy ^{now dead} but a
part was opened up on its bank some 10
years ago which was named Mohawk Park
owing to its nearness to the old Mohawk
Church and Indian Industrial School, and
then the pond was changed to Mohawk Lake
