Department of the Interior office of geographer

Ottawa, OCT 3 1905

DEAR SIR,

I wish to obtain information respecting the derivation of the place-names of Canada—of the names of the villages, towns, cities and of the natural features, such as rivers, lakes, capes, bays, mountains, etc.—and shall be much obliged if you will give me any information that you may possess or can procure, respecting the below-mentioned name and also respecting the names of any other features in the vicinity of your residence concerning which you have knowledge.

In many localties, the older generation is passing, or has passed away, and unless steps are taken to collect this information, it will, in many instances, be too late. In most communities there are persons who take an interest in things of this nature or that have been connected with the early settlement of the locality. If there are any such in your neighbourhood, will you kindly submit this to them.

Below I have indicated the lines along which I desire information and also the commoner derivatives of place-names in Canada :---

(1.) Whether named after a village, town, or city, or natural feature in any other province or country; if so, the name of province or country in which the original locality is situated.

(2.) Whether named after a person; if so, the person's name, occupation, spelling of name as rendered by the person and any details of interest respecting him (or her) such as (a) Whether alive or, if dead, approximate year of death; (b) Whether at any time a resident of the locality and, if so, whether still living there.

(3.) Whether named after a natural feature ; if so, any details respecting the origin of the name as applied to the feature and the geographical position of the latter.

(4.) Whether the town, village or city ever had any other name or names; if so, at what dates, approximately, and the origin of these obsolete names.

Any information bearing on the above will be deemed a courtesy.

Yours truly,

JAMES WHITE, Geographer. 310/9

Mr. James White,

Lear Sir,

In reply to your request I

can say that :-(2) I her we began to have the privileges of a Post Office in this village the name Elgin was given after Lord Elgin; the British states man who came to Canada as Governor in 1847. A full account of his acts is given on the Canadian History. One was not at any time a resident of this locality but as the prominent men of this thriving village have always taken particular interest in political condition of the country they decided the name of so renowned a Governor suitable.

Before the time of the Post Office the name given (4) was Dorveau after a place in Illinois
