OFFICE OF GEOGRAPHER

Ottawa, SEP. 30 1905

DEAR SIR,

I wish to obtain information respecting the derivation of the place-names of Canada—of the names of the villages, towns, cities and of the natural features, such as rivers, lakes, capes, bays, mountains, etc.—and shall be much obliged if you will give me any information that you may possess or can procure, respecting the below-mentioned name and also respecting the names of any other features in the vicinity of your residence concerning which you have knowledge.

In many localities, the older generation is passing, or has passed away, and unless steps are taken to collect this information, it will, in many instances, be too late. In most communities there are persons who take an interest in things of this nature or that have been connected with the early settlement of the locality. If there are any such in your neighbourhood, will you kindly submit this to them.

Below I have indicated the lines along which I desire information and also the commoner derivatives of place-names in Canada :—

(1.) Whether named after a village, town, or city, or natural feature in any other province or country ; if so, the name of province or country in which the original locality is situated.

(2.) Whether named after a person ; if so, the person's name, occupation, spelling of name as rendered by the person and any details of interest respecting him (or her) such as (a) Whether alive or, if dead, approximate year of death ; (b) Whether at any time a resident of the locality and, if so, whether still living there.

(3.) Whether named after a natural feature ; if so, any details respecting the origin of the name as applied to the feature and the geographical position of the latter.

(4.) Whether the town, village or city ever had any other name or names ; if so, at what dates, approximately, and the origin of these obsolete names.

Any information bearing on the above will be deemed a courtesy.

Yours truly,

JAMES WHITE,
Geographer.

Kindly write your reply on the attached sheet.

Lonsdale Oct 4-05

Lonsdale is situated on the Salmon River about 12 miles from its outlet into the bay of Quinte. About 70 years ago it was called Murkinsons mills after a man of that name that owned a grist & saw mill there. Some 25 years later Mr. James Lazier bought out the mills and it was then called Laziers mills.

I have enquired or submitted this to all the old people around here and cannot find out how it was called Lonsdale.

Mr. Malcomb Lazier, the present owner of the mills told me that his father and some three other gentlemen that lived here at that time who are all dead now held a meeting to select a name for this place and they submitted the matter to some stranger a traveller that was here from England at that time and he suggested call it Lonsdale after Place in the old country or possibly Lord Lonsdale. This is story that Mr. Lazier says that he has heard but he cannot vouch for the truth of it.
