OFFICE OF GEOGRAPHER

Ottawa, OCT 4 1905

DEAR SIR,

I wish to obtain information respecting the derivation of the place-names of Canada—of the names of the villages, towns, cities and of the natural features, such as rivers, lakes, capes, bays, mountains, etc.—and shall be much obliged if you will give me any information that you may possess or can procure, respecting the below-mentioned name and also respecting the names of any other features in the vicinity of your residence concerning which you have knowledge.

In many localities, the older generation is passing, or has passed away, and unless steps are taken to collect this information, it will, in many instances, be too late. In most communities there are persons who take an interest in things of this nature or that have been connected with the early settlement of the locality. If there are any such in your neighbourhood, will you kindly submit this to them.

Below I have indicated the lines along which I desire information and also the commoner derivatives of place-names in Canada :—

(1.) Whether named after a village, town, or city, or natural feature in any other province or country ; if so, the name of province or country in which the original locality is situated.

(2.) Whether named after a person ; if so, the person's name, occupation, spelling of name as rendered by the person and any details of interest respecting him (or her) such as (a) Whether alive or, if dead, approximate year of death ; (b) Whether at any time a resident of the locality and, if so, whether still living there.

(3.) Whether named after a natural feature ; if so, any details respecting the origin of the name as applied to the feature and the geographical position of the latter.

(4.) Whether the town, village or city ever had any other name or names ; if so, at what dates, approximately, and the origin of these obsolete names.

Any information bearing on the above will be deemed a courtesy.

Yours truly,

JAMES WHITE,
Geographer.

Kindly write your reply on the attached sheet.

To ensure free transmission of your reply I enclose herewith an addressed envelope which will come free of postage.

Dear Sir,

Replying to your enquiry as to Post Keewaydie. I would say as follows:— Post Keewaydie is an island of about 80 acres situated in Muskoka Lake District of Muskoka and County of Simcoe and is commonly known as Keewaydie Island, and is only a summer resort no one permanently residing on the island. The word "Post" was prefixed when the tourists obtained a post office to be open for a couple of months during the summer. The island was bought from the government in 1881 by the Rev. W. W. Ross, when it was wild and almost impenetrable, he cleared a frontage and erected a summer cottage and from that time it has gradually grown in favor as a summer resort till now there are 16 cottages there with a post office and daily mail.

The island was named by the Rev. W. W. Ross, "Keewaydie" which means in Indian "The North wind blows" and was found in Longfellow's "Hiawatha"

I trust this information will meet what you require, but if there is anything else I can do I would be pleased to be of service to you.

Yours truly

W. H. McGill
