OFFICE OF GEOGRAPHER

Ottawa, SEP 27 1906

DEAR SIR,

I wish to obtain information respecting the derivation of the place-names of Canada—of the names of the villages, towns, cities and of the natural features, such as rivers, lakes, capes, bays, mountains, etc.—and shall be much obliged if you will give me any information that you may possess or can procure, respecting the below-mentioned name and also respecting the names of any other features in the vicinity of your residence concerning which you have knowledge.

In many localities, the older generation is passing, or has passed away, and unless steps are taken to collect this information, it will, in many instances, be too late. In most communities there are persons who take an interest in things of this nature or that have been connected with the early settlement of the locality. If there are any such in your neighbourhood, will you kindly submit this to them.

Below I have indicated the lines along which I desire information and also the commoner derivatives of place-names in Canada :—

(1.) Whether named after a village, town, or city, or natural feature in any other province or country ; if so, the name of province or country in which the original locality is situated.

(2.) Whether named after a person ; if so, the person's name, occupation, spelling of name as rendered by the person and any details of interest respecting him (or her) such as (a) Whether alive or, if dead, approximate year of death ; (b) Whether at any time a resident of the locality and, if so, whether still living there.

(3.) Whether named after a natural feature ; if so, any details respecting the origin of the name as applied to the feature and the geographical position of the latter.

(4.) Whether the town, village or city ever had any other name or names ; if so, at what dates, approximately, and the origin of these obsolete names.

Any information bearing on the above will be deemed a courtesy.

Yours truly,

JAMES WHITE,
Geographer.

Kindly write your reply on the attached sheet.

To ensure free transmission of your reply I enclose herewith an addressed envelope which will come free of postage.

Dear Sir

In reply to your question re the derivation of the name of the Solway Post Office I have to say, The office was first established in 1877 at lot 16 Concession 9 Township of Brant and Mr Duncan McIntyre was the first Post Master, and being a Heland Scotchman, he suggested the name of Solway after Solway on the Forth Scotland.

The office is now one mile and a quarter farther south of its first location, at the corner of the sixth Concession and fifteenth side road Township of Brant & Bruce, and accomodates over twice as many families as it did at its former location. There is no village at either place. But where it is at present there are a Saw mill and a Blacksmith shop.

Dear Sir. The above was written by Mr Robert Finlayson one of the oldest settlers living at Solway today

Yours Truly

The Postmaster at Solway
Emil Dietsche Blacksmith
