## OFFICE OF GEOGRAPHER

Ottawa, OCT 18 1905

DEAR SIR,

I wish to obtain information respecting the derivation of the place-names of Canada—of the names of the villages, towns, cities and of the natural features, such as rivers, lakes, capes, bays, mountains, etc.—and shall be much obliged if you will give me any information that you may possess or can procure, respecting the below-mentioned name and also respecting the names of any other features in the vicinity of your residence concerning which you have knowledge.

In many localities, the older generation is passing, or has passed away, and unless steps are taken to collect this information, it will, in many instances, be too late. In most communities there are persons who take an interest in things of this nature or that have been connected with the early settlement of the locality. If there are any such in your neighbourhood, will you kindly submit this to them.

Below I have indicated the lines along which I desire information and also the commoner derivatives of place-names in Canada :—

(1.) Whether named after a village, town, or city, or natural feature in any other province or country ; if so, the name of province or country in which the original locality is situated.

(2.) Whether named after a person ; if so, the person's name, occupation, spelling of name as rendered by the person and any details of interest respecting him (or her) such as (a) Whether alive or, if dead, approximate year of death ; (b) Whether at any time a resident of the locality and, if so, whether still living there.

(3.) Whether named after a natural feature ; if so, any details respecting the origin of the name as applied to the feature and the geographical position of the latter.

(4.) Whether the town, village or city ever had any other name or names ; if so, at what dates, approximately, and the origin of these obsolete names.

Any information bearing on the above will be deemed a courtesy.

Yours truly,

JAMES WHITE,  
*Geographer.*

Kindly write your reply on the attached sheet.

Dear Sir

Stanley was named I learn after, "Lord Stanley" at the time the Port Arthur, Duluth, & Western Ry was under construction.. which is now, known as the Duluth Extension of the Can. Northern Ry, which Railway has named Stanley Jct., Although the Post Office is plain "Stanley" It never had any other name.. I do not know if "Lord Stanley is dead or not".

Stanley will be know all over now because of the Mineral Springs found here & the waters are soon to be Bottled & put on the market.. The works are now under construction.. Stanley is  $3\frac{1}{2}$  miles from the famous Kakabeka Falls, now under developement? Trusting this will explain.. if any further information is required.. I will be pleased to answer

P.S.

Stanley is on the Banks of the Kaministiquia River 15 miles west of Fort William, Township of Palpouze
