James White Esq Vickers Oct 2<sup>th</sup> 1905 Oct.

Dear Sir This place got its name from some of the Post Office Officials when we were given a Post Office. They honoured me by giving it my name. I have been here 37 yrs and have found it a very pleasant place. The soil is dry and sharp well watered, such beautiful streams & springs and there used to be an abundance of speckled trout. It is a prosperous place but not for business. It had the name of an early settler named Bull who surveyed 8 or 10 acres of his farm which fronts on the Durham Road hence the name Bulltown which some in sport call it yet

Hoping this will be sufficient

I remain

Yours truly
