Department of the Interior

OFFICE OF GEOGRAPHER

Ottawa, AUG 28 1905

DEAR SIR,

I wish to obtain information respecting the derivation of the place-names of Canada—of the names of the villages, towns, cities and of the natural features, such as rivers, lakes, capes, bays, mountains, etc.—and shall be much obliged if you will give me any information that you may possess or can procure, respecting the below-mentioned name and also respecting the names of any other features in the vicinity of your residence concerning which you have knowledge.

In many localities, the older generation is passing, or has passed away, and unless steps are taken to collect this information, it will, in many instances, be too late. In most communities there are persons who take an interest in things of this nature or that have been connected with the early settlement of the locality. If there are any such in your neighbourhood, will you kindly submit this to them.

Below I have indicated the lines along which I desire information and also the commoner derivatives of place-names in Canada :—

(1.) Whether named after a village, town, or city, or natural feature in any other province or country ; if so, the name of province or country in which the original locality is situated.

(2.) Whether named after a person ; if so, the person's name, occupation, spelling of name as rendered by the person and any details of interest respecting him (or her) such as (a) Whether alive or, if dead, approximate year of death ; (b) Whether at any time a resident of the locality and, if so, whether still living there.

(3.) Whether named after a natural feature ; if so, any details respecting the origin of the name as applied to the feature and the geographical position of the latter.

(4.) Whether the town, village or city ever had any other name or names ; if so, at what dates, approximately, and the origin of these obsolete names.

Any information bearing on the above will be deemed a courtesy.

Yours truly,

JAMES WHITE,
Geographer.

Kindly write your reply on the attached sheet.

To ensure free transmission of your reply I enclose herewith an addressed envelope which will come free of postage.

"Cable Head West"

Kings Co P 6 J

Cable Head West.

When the first Scotch settlers came to this district, they found on the shore, below the farm now owned by John Simons, a piece of hemp cable, evidently from some vessel. From this incident they named the place in Gaelic "Ceann Cable," meaning "Cable End."

The word "Ceann" means "End," but it also means "Head." When English became the most common language, the name was translated in the latter form:—Cable Head.

The name was first applied to a strip of the shore extending from Schooner Pond to Ore River. In 1869 this was divided into two school districts, Cable Hd. West, and Cable Head East.

The Western Boundary, Schooner Pond, was named from some wrecks which occurred there, the dates of which I cannot obtain.

As far as I can ascertain, the place never had any other name. Hoping this information will be of some use to you, I remain
Yours Respectfully
P.M. John M.K. Simons,
