## OFFICE OF GEOGRAPHER

Ottawa, ..... AUG 30 1905 .....

DEAR SIR,

I wish to obtain information respecting the derivation of the place-names of Canada—of the names of the villages, towns, cities and of the natural features, such as rivers, lakes, capes, bays, mountains, etc.—and shall be much obliged if you will give me any information that you may possess or can procure, respecting the below-mentioned name and also respecting the names of any other features in the vicinity of your residence concerning which you have knowledge.

In many localities, the older generation is passing, or has passed away, and unless steps are taken to collect this information, it will, in many instances, be too late. In most communities there are persons who take an interest in things of this nature or that have been connected with the early settlement of the locality. If there are any such in your neighbourhood, will you kindly submit this to them.

Below I have indicated the lines along which I desire information and also the commoner derivatives of place-names in Canada :—

- (1.) Whether named after a village, town, or city, or natural feature in any other province or country ; if so, the name of province or country in which the original locality is situated.
- (2.) Whether named after a person ; if so, the person's name, occupation, spelling of name as rendered by the person and any details of interest respecting him (or her) such as (a) Whether alive or, if dead, approximate year of death ; (b) Whether at any time a resident of the locality and, if so, whether still living there.
- (3.) Whether named after a natural feature ; if so, any details respecting the origin of the name as applied to the feature and the geographical position of the latter.
- (4.) Whether the town, village or city ever had any other name or names ; if so, at what dates, approximately, and the origin of these obsolete names.

Any information bearing on the above will be deemed a courtesy.

Yours truly,  
**JAMES WHITE,**  
*Geographer.*

Kindly write your reply on the attached sheet.

Glenfinnan  
Sept 4th 1905

James White Esq

Dear Sir

The name Glenfinnan is taken from an estate in Scotland. The early settlers of this place were taken to Prince Edward Island from Scotland by John Macdonald Esq who owned two estates: Glenfinnan and Glenaladale in Scotland and it is after the former of these estates that Glenfinnan is named.

Glenfinnan is bounded on the North by the Hillsborough River and on the west by Johnson's River and Glenfinnan River flows through it. Both Johnson's and Glenfinnan Rivers are tributaries of the Hillsborough.

Hoping this will be satisfactory

Yours truly

J. A. MacKenzie
