## OFFICE OF GEOGRAPHER

Ottawa, AUG 30 1905

DEAR SIR,

I wish to obtain information respecting the derivation of the place-names of Canada—of the names of the villages, towns, cities and of the natural features, such as rivers, lakes, capes, bays, mountains, etc.—and shall be much obliged if you will give me any information that you may possess or can procure, respecting the below-mentioned name and also respecting the names of any other features in the vicinity of your residence concerning which you have knowledge.

In many localities, the older generation is passing, or has passed away, and unless steps are taken to collect this information, it will, in many instances, be too late. In most communities there are persons who take an interest in things of this nature or that have been connected with the early settlement of the locality. If there are any such in your neighbourhood, will you kindly submit this to them.

Below I have indicated the lines along which I desire information and also the commoner derivatives of place-names in Canada :—

- (1.) Whether named after a village, town, or city, or natural feature in any other province or country ; if so, the name of province or country in which the original locality is situated.
- (2.) Whether named after a person ; if so, the person's name, occupation, spelling of name as rendered by the person and any details of interest respecting him (or her) such as (a) Whether alive or, if dead, approximate year of death ; (b) Whether at any time a resident of the locality and, if so, whether still living there.
- (3.) Whether named after a natural feature ; if so, any details respecting the origin of the name as applied to the feature and the geographical position of the latter.
- (4.) Whether the town, village or city ever had any other name or names ; if so, at what dates, approximately, and the origin of these obsolete names.

Any information bearing on the above will be deemed a courtesy.

Yours truly,

JAMES WHITE,  
*Geographer.*

Kindly write your reply on the attached sheet.

To ensure free transmission of your reply I enclose herewith an addressed envelope which will come free of postage.

Hampton, P. E. I.  
Sept. 3<sup>rd</sup> '05.

Mr. James White,

Dear Sir:-

I here send you the following information regarding names of places &c and I think this is about all that would be of any importance to you:

The name Hampton was given to this locality by Mrs James McPhail who came from somewhere near Richibucto, N.B. ~~about~~ The name was used here first about 1865. Previous to that time all of the southern half of Lot 29 went under the name of Orpound. Mrs McPhail moved to the western part of the Island some years ago and is now dead.

The Western ~~of~~ boundary of Hampton district is Westmorland River which ~~was~~ received its name from Lady Westmorland who visited here some 50 yrs ago.

The Eastern boundary is De Sable River which derived its name from the French word "Sable" meaning "Sand".

The Southern boundary is Northumberland Strait,

N.B. In all probability ~~the~~ Mrs McPhail named this district Hampton after Hampton, N.B. since she was a native of that province,  
Yours truly  
E. McKinnon
