Department of the Interior,

OFFICE OF GEOGRAPHER,

Ottawa,.....MAR 2 1906.....

DEAR SIR,

I wish to obtain information respecting the derivation of the place-names of Canada—of the names of the villages, towns, cities and of the natural features, such as rivers, lakes, capes, bays, mountains, etc.—and shall be much obliged if you will give me any information that you may possess or can procure, respecting the below-mentioned name and also respecting the names of any other features in the vicinity of your residence concerning which you have knowledge.

In many localities, the older generation is passing, or has passed away, and unless steps are taken to collect this information, it will, in many instances, be too late. In most communities there are persons who take an interest in things of this nature or who have been connected with the early settlement of the locality. If there are any such in your neighbourhood, will you kindly submit this to them.

Below I have indicated the lines along which I desire information and also the commoner derivatives of place-names in Canada :—

(1.) Whether named after a village, town or city, or natural feature in any other province or country ; if so, the name of province or country in which the original locality is situated.

(2.) Whether named after a person ; if so, the person's name, occupation, spelling of name as rendered by the person and any details of interest respecting him (or her) such as (a) Whether alive or, if dead, approximate year of death ; (b) Whether at any time a resident of the locality and, if so, whether still living there.

(3.) Whether named after a natural feature ; if so, any details respecting the origin of the name as applied to the feature and the geographical position of the latter.

(4.) Whether the town, village or city ever had any other name or names ; if so, at what dates, approximately, and the origin of these obsolete names.

Any information bearing on the above will be deemed a courtesy.

Yours truly,

JAMES WHITE,
Geographer.

Kindly write your reply on the attached sheet.

To ensure free transmission of your reply I enclose herewith an addressed envelope which will come free of postage.

Lake Verd

Queens Co. P. E. I.

Lake Verd P. E. Island
April 5th 1906

As far as I can learn Lake Verd received its name from Mr. James Smith, the first School Teacher that taught School in this District, about Fifty years ago. He died about the year 1886.

There is a beautiful Lake in this District, it covers about Thirty Acres and is surrounded by a nice growth of Lumber, its waters are about Eighty yards from the main Road, on this Lot of Land the Schoolhouse is built. I think the name suggested itself, from the Lake and its surroundings.

This place was previously called Monaghan Road, it covered a distance of nine miles. It was called Monaghan Road, as nearly all the people settled in it, came from the County Monaghan Ireland.

Lake Verd Road is about three miles long, being the southern end of what was called Monaghan Road
