

York Point Feb 19 '06

James White Esq

Dear Sir Please pardon my long delay in answering your question I have been enquiring of the oldest inhabitants of this place but can get no information that would be of any service to you

York Point is a point between York or North River and Elliot or West River which rivers with ~~Hillsborough~~ Hillsborough or East River form Charlottetown Harbour I think they were so named at the time of Capt Holland they about the middle of the tenth century

Yours -

C. G. White
