## OFFICE OF GEOGRAPHER

Ottawa,.....AUG 21 1905.....

DEAR SIR,

I wish to obtain information respecting the derivation of the place-names of Canada—of the names of the villages, towns, cities and of the natural features, such as rivers, lakes, capes, bays, mountains, etc.—and shall be much obliged if you will give me any information that you may possess or can procure, respecting the below-mentioned name and also respecting the names of any other features in the vicinity of your residence concerning which you have knowledge.

In many localities, the older generation is passing, or has passed away, and unless steps are taken to collect this information, it will, in many instances, be too late. In most communities there are persons who take an interest in things of this nature or that have been connected with the early settlement of the locality. If there are any such in your neighbourhood, will you kindly submit this to them.

Below I have indicated the lines along which I desire information and also the commoner derivatives of place-names in Canada :—

(1.) Whether named after a village, town, or city, or natural feature in any other province or country ; if so, the name of province or country in which the original locality is situated.

(2.) Whether named after a person ; if so, the person's name, occupation, spelling of name as rendered by the person and any details of interest respecting him (or her) such as (a) Whether alive or, if dead, approximate year of death ; (b) Whether at any time a resident of the locality and, if so, whether still living there.

(3.) Whether named after a natural feature ; if so, any details respecting the origin of the name as applied to the feature and the geographical position of the latter.

(4.) Whether the town, village or city ever had any other name or names ; if so, at what dates, approximately, and the origin of these obsolete names.

Any information bearing on the above will be deemed a courtesy.

Yours truly,

JAMES WHITE,  
*Geographer.*

Our P.O. is a country office. There are no natural divisions of land or water near except the prairie. And it is prairie every way you can look. The Moose Mts. are about twenty five miles north of us. On clear mornings we can see them quite plainly.

1—  
2— Our P.O. is named after a man by the name of Cate. He is a farmer. He resides here and is P.M. at the present time. His wife is Asst. P.M. ~~He~~ spells his name Cate but make the name of the office a little more fancy they put ville on to the Cate and called it Cateville.

Our office never had any other name. There is no village or town only a country P.O. but we hope at some future time to have a town here.

Yours truly,

E. M. Cate, Asst P.M.
