

Loganton Mar 15th 1906

Dear Sir.

From information which I have been able to gather regarding the above name I learn that there are conflicting views

Some say that it was called after Logan a place down in the state of Iowa because there are a number of settlers from that locality here and that "Logan" was the name sent in to the department but I presume there had already been a P. O. of that name and a "ton" was added to it.

The others say it was named after a man who is living in Saskatoon and who rendered assistance and advised them in their earliest struggles in settling this district his name was also "Logan".

Yours truly
A. Currie
